

WEBSTER'S BUILDING.

The Sixth Ward School Building
Completed and Occupied.

DESCRIPTION OF THE STRUCTURE.

Which is Undoubtedly the Finest of the Lot in Wheeling—Every Possible Arrangement for the Comfort of the Scholars—Heating and Ventilation—Dedicated Exercises Held by the Teachers Yesterday.

Webster district's new public school building is now practically completed and yesterday afternoon impromptu dedicatory exercises were held under the auspices of the teachers' association, described elsewhere in this column. The building is undoubtedly the finest of the nine structures in Wheeling and as such is worthy of at least a short description. Yesterday afternoon an INTELLIGENCER man was shown through the building by Mr. J. H. Giesey, of Franzheim, Giesey & Faris, the architects who designed and under whose supervision the building was erected. The designer of the building was Mr. M. F. Giesey, who holds the position of architect for the board of education and the Webster building will be a substantial tribute to his talent.

For a long time the Webster commissioners made a hot fight for a new building, their demands being for a twenty room structure. At last the board of education consented to the demand, partially, specifying that the new building should be a twelve roomed edifice. This was completed some time ago. While the new building was going up the Webster members of the board of education, Messrs. Medick, H. Menckemeler and Weidner, did not give up the battle for a larger building, something

was spicy, well prepared, well read and was well received by all who heard it.

Rev. Dr. Bonheim was then introduced by Superintendent Anderson, and he read a paper on the subject, "Our Public Schools." After speaking of the honor of being permitted to speak to the teachers of Wheeling, he discussed the subject very forcibly. First, he spoke of the teacher, his duty and moral obligation. The true teacher, like the poet, is born, not made. He spoke of the many qualifications the teacher should possess. But few have them all, but now and then there is one such as Froebel, Pestalozzi and Arnold of Rugby who has them all; they make their mark on society. The teacher, in forming our national character, ranks higher than the political leader. It is necessary that the schools should be public schools in the true sense of the word. They should have the moral as well as the financial support of the public. They should be purely secular, not sectarian in any sense whatever. The schools are for all the people, and hence they should be under entirely secular influence. We find, said Mr. Bonheim, in our public schools the true foundation of our country's democracy. The rich and the poor here meet together, and the two classes are brought to know and to appreciate each other better. He closed with a glowing tribute to the enterprise that would erect such a grand building.

Miss Zoe Hastings gave a selection entitled "Celeste," in her own inimitable way. She was loudly applauded. Dr. Ulrich, the newly elected president of the school board, was called on and gave one of his very best talks. He promised to do all in his power, as president of the board, to improve the Wheeling schools. The meeting was one of the most profitable and enjoyable in the history of the teachers' association.

The Bridgeport Postoffice.

A lively fight is on for the Bridgeport postoffice among the Democrats. It is well understood, of course, that the present efficient and courteous incumbent, Mr. Johnston Brown, must retire, as his term of office expires prior to March 4, and that a Democrat must take

A CANNERY PROJECT.

One to be Started at Windsor in the Northern Part of County.

Wheeling people are interested in an industrial and agricultural project that will be a good thing for the farmers in the northern part of this county and in addition will give employment to a considerable number of men. The scheme is to build a cannery works at Windsor, ten miles up the river, on the Pan Handle road. A company of local people who own property there have already agreed to donate the site for the cannery and the people who are pushing the latter scheme have secured enough subscriptions to the stock of the concern to make it go, and it will probably soon be incorporated.

The farmers of the neighborhood will be encouraged to grow tomatoes, particularly, and other vegetables and fruits, which will find a ready market at the cannery. The output of the works, or at least the larger portion of it, will come to Wheeling, as a number of the local wholesale grocery men are interested in the project. The works will be one of the most extensive of its character in this section, and it is thought will prove successful from the start. It will have the very desirable effect of bringing a market direct to the farmers of the northern part of the county.

RECEPTION TO MISS SCULL.

A Brilliant Social Event at the Home of Mr. and Mrs. W. A. Wilson.

Last night the elegant home of Mr. and Mrs. W. A. Wilson, 501 North Main street, was the scene of perhaps the most brilliant social event of the season in Wheeling society. The occasion was a reception in honor of Miss Flora Wilson's guest, Miss Scull, of Somerset, Pa., a sister of General Passenger Agent Charles O. Scull, of the Baltimore & Ohio railroad. Miss Scull is a beautiful and accomplished young woman, and has made a host of admirers in Wheeling during her stay here.

The reception took place between the hours of seven and ten last night and most of Wheeling's smart set were

Six Bottles of Hood's Sarsaparilla Bring Back New Life.

"C. I. Hood & Co., Lowell, Mass.:

"Dear Sirs:—Before using Hood's Sarsaparilla I was frequently sick and did not know what was the matter with me. One day I would feel so tired I could hardly stand, the next I would have a severe headache and so on, not knowing what the next day would bring forth. I did not have any appetite and

I tried a good many medicines but they did me no good. Having heard a great deal about Hood's Sarsaparilla I decided to try a bottle. I

am glad to say I soon felt better. I have now used six bottles and feel as well as ever. It has been of great benefit to me as I have regained my appetite and

WHEELING WOMEN!

Unworthy Habits of Haste Among Them.

Many Who Seem to be Acting a Foolish Part.

Are Not Satisfied by Going About Quietly.

They Hurry and Worry, Then Don't Get Sleep.

Paine's Celery Compound Their Best Relief.

In prescribing Paine's celery compound for a patient the other day a Wheeling physician, who is a specialist in nervous difficulties, declared that there were thousands of such women who were literally killing themselves by too rapid movements.

"They are not satisfied," said he, "with going about doing things in a quiet, ordinary way, but rush through with their work and ruin their health as fast as they can. So firmly fixed is this habit that they run up and down stairs when there is no need for hurry.

"They not only rush but worry, and between these two, subject their nervous systems to more wear and tear than anything short of wrought steel could endure."

Whatever the cause, our women, our young girls and even business men are rapidly growing more and more nervous. Professor Phelps the great Dartmouth scientist, saw this alarming state of things and concentrated all his energy to remedying it. It was from the formula of this eminent student and thinker that Paine's celery compound was prepared.

Its success in restoring nerve-strength and building up the worn out body repaid the years of study and investigation that Prof. Phelps conscientiously devoted to the diseases of the stomach and the kidneys, the result of impure blood and impoverished nerves. The astonishing results that have come from its careful use have been the subject of discussion in all the prominent newspapers and magazines in this country, Canada and throughout Great Britain.

The record of this great blood cleanser, from the time of its discovery up to the present day, has been a marvellous one.

It has cured literally thousands of cases of nervous debility, rheumatism, kidney and heart troubles, and has made sound sleep possible to countless men and women whose irritable and impoverished nerves were slowly draining them of their vitality.

Physicians recommend Smith Brothers' Co.'s ale as a wholesome beverage.
